

Please leave our XM Radio alone....I am a truck driver and team drive with my husband...We are driving from 6 to 20 hours a day.....The only thing we can rely on with only consistency is our XM radio....
The traffic and weather reports are very valuable to how we proceed from day to day.....Local weather on local stations are fine IF YOU ARE ALREADY IN THE AREA.....not if you are traveling to....

Please reject NAB's petition 04-160.....

Truckers are the backbone to our whole economy without us the
US Stops!!!!!!

Please reject this NAB's 04-160.....

We need you to support truckers more than anytime in our lives.....

It gets really boring out here without our XM voice...

Sincerely,

Richard and Geri Poulter
